**Subject:** [Alpharetta-912-Project-We-Surround-Them] 912 Action Network

This message is to notify our membership that Alpharetta 912 Project is now part of GA 912 Action Network!

This is wonderful news and gives YOU a stronger voice in maintaining conservatism in Georgia!

Most of you will recall when GA Assembly was in session earlier this year that our 912 Action Network included experienced conservative activists in sister chapters working on our behalf under the gold dome as part of the Conservative Leadership Coalition. The coalition includes people just like you and me who believe in limited government and local control.

Now that the session is over, leaders of GA 912 Action Network (with other chapters in Coweta, Atlanta, Cobb, Lumpkin, Rockdale, Lawrenceville, and more) have shifted the focus to the July 20 primaries. When the chapters are not having regular meetings, members are encouraged to canvass, phone bank, wave signs, etc. for a slate of candidates that have been vetted according to a system based on our 9 Principles and 12 Values. This slate currently includes Doug MacGinnitie, candidate for Secretary of State, and Gerry Purcell, candidate for Insurance Commissioner. Another candidate will be added to this slate in the next few days.

These are fun events! Most are not too far away. This weekend's activities include an optional pool party. The media has been contacted about our activities. The voters have been receptive. Last week the group worked for Tom Graves (GA-9, seat formerly held by Nathan Deal). I am attaching the details of this weekend's event. Come out and do the MEANINGFUL work of saving our great state, or ask how to help from the comfort of your home!

Please contact me if you have any questions.  
Lori
