

North Georgia 9-12

We believe in the voice of the American People!!!

Americans are joining together to create one voice that **MUST** be heard. We are not representing a political party. We are Americans representing the United States of America, our Constitution and the ideals that make our country great!!!

-  **We believe... in Freedom, Life, Liberty and the Pursuit of Happiness.**
-  **We believe... that America is the Land of Opportunity**
-  **We believe... that a Healthy Economy is the Basis for a Strong and independent America**
-  **We believe... in the American Dream – Small Government / Businesses Owned by the People**
-  **We believe... in the US Constitution and the Adherence to the Laws of the United States of America**
-  **We believe... in the Health and Welfare of the citizens of the United States of America**
-  **We believe... in a Clean Environment – Responsible & Affordable Energy Solutions**

Tea Parties are more than just Taxes and Teabags -- They are about the bailouts, excessive spending, the mounting debt and the printing of money that is not backed by anything. Congress and the current administration are moving this country away from the values and principles that this great Republic was founded upon. Americans are fed up with bailouts and the spending of money that we don't have and mortgaging our children's future. Eventually it will result in higher taxes and inflation. We must **unite** and speak as **one voice** to the politicians who are willing to subvert our Liberty and Freedom **before it is too late.**

What can you do? Join us at

North Georgia 9-12 is an organization dedicated to the Nine Principles and Twelve Values, inspired by Glenn Beck's 9-12 Project. We are a non-partisan group based in Northern Metro Atlanta. Our goals are to regain the Federal Government through peaceful means and to restore the values of our founding fathers.
